Fitness, Fun & Facials in Sandyford

Renew your body and your health to turn back the clock and feel 10, 20…even 30 years younger in just 3 short hours per week.

Sandyford Business District’s only gym for men and women over 40.

We create a warm and accepting environment where each member feels ready to regain control of their health. Our members tell us that they felt at the peak of their careers, but it was at the expense of their health. They looked to who they were and part of them still feels like that. But when they looked to the future, they saw that going in the opposite direction.

Every member is given one-to-one time with a coach to have conversations about change, whether that is your mindset, training, lifestyle and nutrition. We guide our members how to transform themselves inside and out and they decide when they want to be the best version of themselves.

This unique blend of challenge and support helps our members flip the “accepted” perspective on what ageing is so our members can determine their own future, not only physically, but also mentally and emotionally.

Mr Kambiz Golchin, founded **Beacon Face and Dermatology** in 2006 and has seen the clinic grow from strength to strength over the years. From the beginning an emphasis was placed on leading the way in the latest technology. For **Beacon Face and Dermatology**, it’s not only paramount that we stay up to date with current cosmetic trends, but we like to be ahead of the industry when it comes to providing the most innovative services and products. Year after year, we have consistently been the first in the Irish market to supply our customers with leading treatments such as Pelleve and Ultherapy.

In 2018 we became the first clinic in Ireland to introduce EMSCULPT to our patients.
Ben has been in the fitness industry for over 10 years and helped thousands of driven men achieve a rock-hard physique. He developed The Better Man Project in order to work with more ambitious, business-minded men who want to skyrocket every aspect of their lives.

At the **Ski Centre**, we use unique revolving slope technology that simulates real ski runs and allows skiers to get in realistic length ski runs. We’ll help you develop better posture, balance, edge precision and rotation control, in turn improving your fitness and confidence in your skiing.

We offer a wide range of skiing and snowboarding experiences to our customers. Below is a collection of some of our most popular services.

30 Minutes per hour skiing compared to typical 5 minutes on average outdoor slope.

Qualified instructors with max 3 per group compared to typical 8 for other indoor slopes.

A typical 30 minutes on the slopes will cover 11km - Mount Everest in comparison is 9km!

Unlike typical skiing lessons, there are no lifts/queues which means more time on the slopes.

We cater to all levels, whether you’re a beginner, intermediate or advanced skier.

We provide all necessary equipment, but feel free to bring your own gear if you like.

Origin Fitness is a facility and a way of life that works towards achieving individual goals whether that be weight loss, a more balanced healthier lifestyle, sports performance or rehabilitation after an injury.

From strength training to rebounding, conditioning to pilates – our expert trainers and small classes will help you to achieve your fitness goals.

We believe in training smart, working hard and having fun.

Origin Fitness has now also evolved with Covid-19 and the gym is set up in individual training units in a well ventilated space where you must be into the class via the app. Class numbers are small and we also now have a fully equipped outdoor gym area, creating options indoors and out.

Class times are early morning, mid morning, lunchtime, evenings and weekend options so lots of flexibility.
